WELCOME TO CENTER CITY!

PUBLIC WORKS:

Please keep in mind that when we get more than 1" of snow you need to move your vehicles and trash cans OFF of city streets to allow us to keep the streets free of snow accumulation.

CENTER CITY PARKS COMMITTEE:

Center City Parks has been busy working on the Swedish Immigrant Regional Trailhead with National Parks Service representative Barrett Stensrod. The Center City Park Committee held an open house on October 14, at the site, which is in front of Marine Dock & Lift. The group laid out a concept design of what the Trailhead could look like. Flags designated the bike path, snowmobile path, play area, restrooms and where the shelter may be located. We had a great turnout by businesses and the public even though it was a cool and cloudy day. If you would like to submit further comments you can go to: trailheadcomment@gmail.com.
